

Our Mission

Following the Lamb of God Who takes away the sins of the world, the Lamb's Ministry, which includes volunteers from churches and other groups in the Boulder, Colorado, area, is building bridges into the faith community for homeless, poor, and needy men and women. This outreach provides a community set apart from the streets, centered in Christ, and designed for spiritual transformation, so that God's love will unite us across social barriers as we grow into the fullness of Christ.

How you can join us in ministry

Volunteer:

For Lamb's Lunch - Served on Saturdays, this is an opportunity to help cook and serve a no-cost lunch to our low income or homeless guests. Here also is a great opening to share your walk with Christ, pray for individual needs, and build new friendships while serving food and the Lord!

For the Lamb's Café - Reach out to the Boulder community by offering a steaming hot cup of coffee and a fresh bagel. Open every Thursday from 8 to 9:30 A.M. this is a marvelous way for our participating churches to make new relationships. Each week the coffee "stirs" up more new friendships that grow in a special and exciting way. We pray for those in need, who sense God's presence here each time they come.

Financial Support:

We are a tax-free, non-profit 501(c)-3 organization. At present we recruit *all* of our paid staff from our homeless participants. Our operating expenses are not large but we do have them. We appreciate your help. Thank you. (see back for details)

Pray for us: Above all, this ministry is built on prayer. We greatly desire your participation in seeking God as He guides this work.

A Place Set Apart

The Lamb's Ministry provides a spiritual environment where people can get away from the harsh climate of the street life. At present this includes the Lamb's Lunch on Saturdays and the Lamb's Cafe on Thursday mornings. Here God is creating a *sanctuary* for people who seek spiritual nourishment.

A Community In Christ

Over the years the Lamb's Ministry has become a healing community made up of those who participate from various churches and our homeless guests. Here, opening our hearts to the healing power of Christ in our lives, we grow beyond our social barriers to become one body in Christ.

A Heart For Healing

A person's external condition in life will not change if the inner person does not change. Our ultimate desire is to see lives transformed in Christ. .
